

# CA Cotton Ginners and Growers Association 2021 Annual Meeting

Crop Protection and Chemical Update

#### **Driving Political Philosophies**

- California Environmental Quality Act 1970
  - DPR Equivalency
- Environmental Justice (EJ) 2000
  - Precautionary Principle 2001
- Citizen/Community Science (AB 617) 2018

# Crop Protection and Chemical Update 2021 Legislative Challenge

- Mill Tax Increase Administration Proposal
  - Increase and tiering of pesticide mill tax based on US-EPA signal words
    - "No Signal Word" or "Caution" Increase from current mil of 21.75 to 26 mil
    - "Warning" increase from current mil of 21.75 to 40 mil
    - "Danger" increase from current mil of 21.75 to 45 mil
  - Increase in mil would be used to pay for:
    - Structural deficit within DPR brought on by unfunded legislative mandates
    - Substantial increase is U.C. pest research funding
    - Increased funding for Ag Commissioners for outreach to EJ/AB 617 communities
    - Increased funding for DPR to engage in outreach to EJ/AB 617 communities
  - Increase translates to a \$45 million or 50% increase in DPR budget

# Crop Protection and Chemical Update 2021 Legislative Challenge

- Senate Proposal
  - No mil tax increase
  - Structural deficit and new programs funded by State General Fund for two years
  - Would provide funding for same programs as Administration proposal
  - After two years, general fund programs would be paid for by ???
- Assembly Proposal ?
- Stakeholder Proposal
  - Two mil over three years to cover structural deficit
  - Divided over additional two mil over three years to support Ag Commissioners and UC Research

### 2021 Regulatory Challenges

- Pesticide Registration Fee Increase to Implement CalPEST
  - Must establish mutually agreed upon metrics on registration timeline measurements with stakeholders
  - DPR reports to legislature on registration improvements as part of budget hearings
- Formal Neonic Regulatory Proposal
- CARB Community Science Initiative (AB 617)
- Pesticide Application Notification Program
- Treated Seeds
- DPR Sustainability Working Group

#### 2021 Regulatory Challenges

- Outside Agencies
  - CA Air Resources Board
    - AB 617 Community Science Initiative Expansion
  - Regional Water Boards
    - Surface Water Regulations
  - CA Fish & Wildlife Commission
    - Continued Attempts to List Insects Under CESA

### 2021 Legal Challenges

- Western Bumblebee Litigation (CESA)
- Prop. 65 Glyphosate
- Rodenticides
- Central Valley & Coast Water Board Regulations
- Treated Seeds (NRDC Petition)
